Overview

This user guide is designed for PMU students to help them become comfortable with Banner Self Service. This manual focuses on On-line registration, Add/Drop courses, Print/view Student detailed schedule, and other processes through Banner. We will update this user guide periodically with some additional functionalities of Banner Self Service.

What is Banner Self Service?

Banner Self Service is a web interface that allows users to perform designated operations and procedures in a user-friendly environment.

What do you need prior to Registration?

Advising is an essential element in the registration process and **you must contact your Advisor before you will be able to register**. You will receive your Alternate PIN (ALT-PIN) after you have completed your advisement. Once you have obtained the ALT-PIN, you may register for your classes.

IMPORTANT NOTICE: Should you register for courses other than those suggested by your advisor, neither the college nor your advisor will be held accountable for your enrollment. Changes in your advised schedule may result in unnecessary courses, unnecessary fees for which you will be responsible, and delayed graduation.

Remember: Before you login to BOSS, make sure that you are not on the HOLD list and you have already cleared your account with the Budget and Accounting Department , or else you will get the message: "Your Web Access Has been Disabled" and you will not be able to log into BOSS. For more help, Please feel free to contact the Registrar's Office.
