## 1. Introduction

At its early stages and for decades to come, PMU strives to establish a positive and constructive campus climate and culture. This culture greatly affects the institution's growth and development, and is gradually built by the university community. A key part of such culture is determined by the expectations PMU places upon its students. PMU students are actually expected to conduct themselves in a manner consistent with the campus rules and regulations. They are fully aware of their rights and responsibilities towards the PMU community, and behave accordingly. The atmosphere thus created aims at graduating responsible citizens, who have primarily comprehended the communities they are expected to lead in the future. Attendance at PMU is a privilege extended to the student. By joining the university, the student agrees to abide by the expectations of its community. These are made known through the academic and behavioral regulations adopted by PMU, embraced by the campus community, and applied consistently. It is through the consistent application of these regulations that the campus culture is solidified and the academic pursuits are allowed to flourish.

## 2. Student Rights and Responsibilities

### 2.1. Statement of Student Rights

The university is a community of scholars in which the ideals of freedom of inquiry, freedom of thought, freedom of expression, and freedom of the individual are sustained. It is committed to preserving the exercise of any right guaranteed to individuals by the laws of the Kingdom of Saudi Arabia. However, the exercise and preservation of these freedoms and rights require a respect for the rights of all in the community to enjoy them to the same extent. The following is a statement of the rights afforded to students at PMU:

- The student has the right to participate in his or her own education in an environment free from discrimination and harassment
- The student has the right to instruction from competent and qualified faculty and to engage in scholarly academic discourse with them
- The student has the right to be treated in a civil manner by faculty, staff, and other students
- The student has the right to reasonable privacy of his or her academic records and reasonable access to those records

### 2.2. Statement of Student Responsibilities

The opportunity to attend PMU is a privilege which carries certain obligations. The university is a community where members are respected and provided with benefits. With those benefits come responsibilities to preserve the community and to pursue self-development. The following is a list of responsibilities that students at PMU are expected to accept:

- The student is expected to comply with the Code of Student Conduct and to respect the authority of PMU officials.
- The student is expected to be truthful in all his or her interactions at the university

- The student is responsible for knowing and following the academic rules and regulations of the university, including the requirements for graduation
- Students will be issued a university *Identification Card* which should be carried at all times while on campus. This ID card is necessary for all financial transactions, entrance into secure student-only areas, and for borrowing books from the university library. Other university offices may also require the ID for use of materials and facilities.

### 3. Academic Support and Assistance

#### 3.1. Academic Advising

Academic advising is an essential element of the educational process. Therefore, PMU will require advisor-student conferences at least once per semester. Students are assigned academic advisors who help them in selecting their course of study and in planning their schedules. Advisors also approve students' schedules each semester. However, students are responsible for selecting their courses, meeting course prerequisites, and adhering to university policies and procedures. The advisor's role is to assist the student in obtaining a well-balanced education and in interpreting university policies and procedures. Students may also consult faculty, department or program chairs, program coordinators, and deans.

#### 3.2. Learning Enrichment Services

In addition to information services and resources traditionally associated with a campus library, the PMU Learning Resources Center provides learning enrichment services to ensure the student success in the university's learning-centered approach to education.

## 6. Academic Regulations

### 6.1. Academic Calendar

The Registrar publishes and distributes the annual academic calendar which includes dates for registrations, adding and dropping courses, payment of fees, holidays, final exams, commencement and other important dates. The calendar consists of two 15-week semesters. The first semester begins in mid-September. The start date of the second semester varies, according to holiday schedules during the first semester. Typically, however, the end of the academic year occurs in mid-June. It is the responsibility of each student to consult this calendar and conform to all deadlines. You can find the academic calendar at the following link:

[https://www.pmu.edu.sa/admission/academic\\_calendar\\_2018\\_2019\\_ro](https://www.pmu.edu.sa/admission/academic_calendar_2018_2019_ro)

### 6.2. Schedule of Classes

At least two months prior to the beginning of an academic term, the Registrar prepares and makes available to students a Schedule of Classes. The Schedule of Classes contains a list of courses offered, times and places at which each course is offered, registration instructions, dates and locations for registration and fee payments, instructions for dropping and adding a class or withdrawal from the university, schedules and locations of final exams and other information pertinent to the registration process.

### 6.3. Registrar's Guidelines

#### 6.3.1. Student Academic Load

A student admitted to and enrolled in a degree program usually registers for 15 to 19 credits each semester. The required minimum load for all students is 12 credits per semester, and the maximum load is 20 credits per semester. Under special circumstances, a student with a cumulative GPA of 3.25 or better may secure the permission of his or her dean to register for up to 22 credits in any one semester. The minimum graduation requirements for a bachelor's degree vary from 120 to 139 credits depending on the program of study. The degree programs have been designed to be completed in four years. However, some students may require additional time.

#### 6.3.2. Time Limit on Duration of Study

Students must complete all degree requirements within eight years of admission to PMU as an undergraduate student. The eight-year period includes leave time from the university. A student in good academic standing is allowed no more than two consecutive semesters of leave. A student who leaves the university for more than two consecutive semesters must submit a new application for admission to the Office of Admissions.

#### 6.3.3. Grading System

The grade point average (GPA) is computed on a four-point scale.

#### Grading System Equivalent Points

| GRADE | EQUIVALENT        |
|-------|-------------------|
| A+    | 4.00 grade points |
| A     | 3.75 grade points |
| B+    | 3.50 grade points |
| B     | 3.00 grade points |
| C+    | 2.50 grade points |
| C     | 2.00 grade points |
| D+    | 1.50 grade points |
| D     | 1.00 grade points |
|       |                   |

|    |                           |
|----|---------------------------|
| WF | 0 grade points            |
| F  | 0 grade points            |
| W  | Withdrawal                |
| AU | Audit                     |
| P  | Pass; credit counted      |
| N  | No grade                  |
| TR | Transfer; credit counted  |
| AW | Administrative Withdrawal |
|    |                           |
| IP | In progress               |
| I  | Incomplete                |
| EX | Exempt; no credit         |

The student's GPA is calculated in the following manner:

The numerical value of each letter grade earned is multiplied by the number of credit hours' course is worth. This yields a figure known as "quality points." The sum of the student's quality points is divided by the total number of credit hours. The final figure is the GPA.

#### 6.3.4. University Guidelines for Lateness and Attendance

Attendance and participation in all class, studio, workshop, and laboratory sessions are essential to the process of education at PMU. Students benefit from the lectures and discussions with their instructors and fellow students. Lateness or absence hinders progress for the individual and the class and affects the student's grade. A regular student should attend all classes and laboratory sessions. A student may be discontinued from a course and denied entrance to the final examination if his or her attendance is less than 85% of classes and lab sessions assigned to each course during the semester. A student who is denied entrance to an examination due to excessive absences will be considered as having failed that course. University guidelines for lateness and attendance are as follows:

- The specific application of the attendance guidelines is at the instructor's discretion
- In the event a student misses 15% of the sessions in a class for any reason, the instructor may initiate withdrawal of the student from the course
- If the withdrawal is initiated before the end of the tenth week of class, a grade of W is entered on the student's record. This grade is not calculated in the GPA
- If the withdrawal is initiated after the tenth week of class, a grade of WF is entered on the student's record and is calculated in the GPA
- In order to encourage student attendance and to minimize withdrawals, instructors are to keep attendance records and to draw students' attention to attendance requirements
- Instructors need not give substitute assignments or examinations to students who miss classes
- Three occasions of lateness count as one absence. Lateness is defined by the individual instructor.

#### 6.3.5. Examinations

Final and common examination schedules are published by the Office of the Registrar in advance of examination week. If a student is scheduled for more than two examinations in one day or has a time conflict with common examinations, then the student must report to the Office of the Registrar by an announced deadline to make the necessary adjustments.

#### 6.3.6. Minimum Required GPA

For a student to graduate, he/she must:

- Successfully complete all graduation requirements according to the degree plan of his/her major.
- Attains a cumulative GPA and major GPA of 2.00 or above.

#### 6.3.7. Registration and Confirmation

PMU has one period of registration and confirmation. They are used for the academic advising concerns in addition of the planning for the courses meant for the coming semester. They are used also to confirm the classes schedule after removing all the holds that placed on the student record.

The registration is online and through banner self-service at

<https://www.pmu.edu.sa/login/banner-login>

#### 6.3.8. Grading

If the student gets “D” or “F” in a course, he should repeat that course and to obtain the passing grade. In all the Preparation program courses, the pass grade is C

#### 6.3.9. Courses Repeating

If the student secured the permission to repeat a course then the second grade will be calculated, if the student repeats course one time then the average will be calculated with 1st grade excluding.

### 6.4. Academic Courses

#### 6.4.1. Course Value

All courses are valued in credits. Normally, each credit represents 50 minutes of class instruction or 120 to 180 minutes of laboratory experience per week for the semester. A three semester credit hour course typically meets for three 50 minute sessions per week. A four semester credit hour course typically meets for three 50 minute sessions plus one 120-to-180-minute laboratory session.

#### 6.4.2. Class Periods

Except for laboratory, workshop, and specialized design and studio courses, classes ordinarily meet three days per week in 50-minute sessions or two days per week in 75-minute sessions. The university operates on a five-day schedule from Sunday through Thursday. The university is closed for the weekend on Friday and Saturday with the exception of certain Executive MBA courses, which are offered on Thursdays, Fridays and Saturdays. The university also may be open on Saturdays during examination periods. Independent reading or research courses, study projects, internships, and similar kinds of study opportunities meet according to the special arrangements of the college, department or faculty members concerned. Courses are offered at the discretion of the department. Students should check with the respective academic departments for information on when courses will be offered.

#### 6.4.3. Course Descriptions and Syllabi

The course syllabus will be prepared by faculty and made available to students by the individual course instructor, department, or program offices. Syllabi will include course goals and objectives, content and topics, instructional material and resources, the method of evaluation, the meeting time and place, credit hours, and prerequisites.

### 6.5. Academic Probation

#### 6.5.1. Placement on Probation

Students are required to maintain an overall GPA of 2.0, if not, the student will be placed on academic probation

### 6.5.2. Removal of Probation and Academic Dismissal

Failure to raise both the semester and the cumulative GPA above 2.00 will result in academic dismissal.
- Students on academic probation 2 are restricted to 12 credit hours and they are required to maintain a minimum cumulative GPA of 2.00, failure to do so will result in academic dismissal

### 6.5.3. Reinstatement in case of Probation

- Students on academic dismissal can apply for reinstatement after their dismissal period. (Apply for the re-instatement one month before the start of the semester; please refer to the academic calendar)
- Students reinstated from their dismissal will be on academic final warning to achieve the minimum cumulative GPA during the coming semester, otherwise, they will be academically expelled
- The student must meet the Core, College and Program requirements to graduate, kindly check with your college Representatives.

### 6.5.4. Reinstatement in case of good standing

Students who left PMU not in good standing and have been out of the university for no more than two semesters may submit a written request for reinstatement to the Office of the Registrar. The request should outline activities since leaving PMU that contribute to the student's academic development. Courses taken at another institution during this interim period are not transferable. Students who have been out of the university for more than two semesters must submit a new application for admission to the Office of Admissions.

#### 8.6. Safety Regulations

##### 8.6.1. Fire Safety

Policies dealing with fire safety are literally "life and death" matters. Everyone at PMU must take the policies regarding this area with the utmost seriousness. Anyone violating these policies is subject to possible prosecution from both the college and local authorities. In addition, individuals can be legally liable for other civil and criminal negligence should a fire or other related problem occurs.

Certain doors are designated for "Emergency Exit Only." These doors are clearly identified, and are to be used only in cases of a true emergency, such as a fire, fire drill, tornado, etc. Students who violate the "emergency exit only" restriction will be subject to disciplinary action, including a monetary fine of not less than SAR 200.00.

Fire safety equipment, including extinguishers, exit signs, fire doors, and smoke alarms should be in working order at all times. Tampering with these safety devices is a violation of state law and can endanger lives and property. Individuals found to be responsible for such actions as pulling fire alarms, dispensing fire extinguishers, and disabling smoke detectors will be dealt with severely, including possible criminal prosecution. Campus sanctions for pulling fire alarms and improper use of fire extinguishers include a minimum SAR 1500.00 fine.

The use of force to open the main door of a building is considered vandalism. Students found doing this may be subject to this policy as well as costs associated with repair. Range of sanction: from disciplinary warning through expulsion.

Missing lost, or damaged library items will be charged at the replacement cost of the item plus a SAR 100.00 processing fee. Failure to return items or make restitution can result in a student's transcripts being withheld or registration privileges suspended for the next semester. This also applies to library fines.

### 8.6.3. Propping Doors

Certain doors on campus are locked for purposes of security. Some doors are also required by fire code to remain closed except when in immediate use. The propping of any of these doors can seriously compromise the safety and security of others, and therefore cannot be tolerated. Anyone found propping one of these doors open would be subject to disciplinary action. Range of sanctions: from reprimand through disciplinary suspension. Criminal prosecution for violating fire safety codes is also possible.

## 8.8. Procedure for Administration of Discipline

The Director of Campus Life shall have the primary authority and responsibility for the administration of student discipline at PMU and for investigating allegations that a student has violated university rules, regulations, or specific orders issued by an administrative official of the university.

The Director of Campus Life hereinafter referred to as the "investigating officer," will investigate reports of alleged violations of university regulations. If the investigating officer determines that there is sufficient credible evidence to believe that a violation of university regulations has occurred and that a known student or group of students may have been involved in the violation, the investigating officer will prepare a formal statement of charges listing the specific alleged violations against each student involved.

During the subsequent investigation, if the student is available, the investigating officer will give the student the opportunity to explain the incident and to challenge any of the evidence presented. If the investigating officer concludes that the student has, by a preponderance of the credible evidence, violated a university regulation, the investigating officer will inform the student of the decision. The investigating officer will then assess an appropriate sanction and inform the student of the sanction to be imposed.

If the student accepts the investigating officer's decision, the student will sign a statement accepting the decision and the designated sanction becomes effective. If the student does not accept the investigating officer's decision on either the determination that the student committed the violation or on the disciplinary sanction to be imposed, the student may request an appeal wherein the case will be reviewed by the Dean of Student Affairs. The student must clearly indicate whether he or she is appealing the determination of guilt or the proposed sanction. If the student appeals the determination of guilt and the Vice Rector upholds the finding of guilt, then the Dean of Student Affairs will assess the disciplinary sanction.

Written notice of the appeal must be received by the Dean of Student Affairs within five class days after the decision by the investigating officer. An appeal is not simply a rehearing of the original case. It must be based on one of the following criteria:

- Whether or not the student was afforded a fair hearing. A fair hearing includes notice of the alleged misconduct and an opportunity to present evidence and to challenge evidence presented by the university
- Whether or not new evidence is to be introduced that was not available at the time of the original investigation
- Whether or not the finding of guilt was supported by the evidence, and/or
- Whether or not the sanction assessed was appropriate to the offense

Both parties, at the discretion of the Dean of Student Affairs, may submit oral or written statements to support their positions. The Dean of Student Affairs may uphold, reject, or modify the original decision, or order that the matter be returned to the investigating officer for reconsideration. The Dean of Student Affairs shall respond to the appeal within ten business days after all documentation was received and all testimony heard, or he may postpone a decision for good cause. The investigating officer has the burden of presenting the case on behalf of the university by going forward with the evidence and the burden of proving the charges by the greater weight of the credible evidence. The appeal shall be conducted in accordance with procedures adopted by the university that assures that both parties (the university and the accused student) the following minimal rights:

- Both parties will exchange lists of witnesses, expected witness testimony, and copies of any documents to be introduced at least five class days prior to the appeal
- Each party shall have the right to appear and present evidence in person and to be advised during the appeal by a designated representative or counsel of choice
- The appeal may proceed notwithstanding the accused student's failure to appear
- Both parties shall have the right to question witnesses. The accused student may question witnesses with the advice of a designated representative or counsel. All questions shall be limited to relevant evidence
- The hearing will be recorded (either audiotape or videotape)

### **8.9. Disciplinary Sanctions**

The investigating officer, or the Dean of Student Affairs in appeal cases, shall render a decision as soon as practicable as to the guilt or innocence of the accused student and shall, if necessary, assess a sanction or sanctions including, but not limited to:

- A verbal or written reprimand
- A requirement that the student complete a special project that may include such tasks as writing an essay, attending a special class of lecture, or attending counseling sessions. The special project may be imposed only for a definite period of time

- Removal from a student organization office or ineligibility to hold office for a specified period of time
- Withholding of a transcript or a degree
- Bar against readmission
- Denial or non-recognition of a degree

The Dean of Student Affairs or the Rector of the university may take immediate interim disciplinary action, including suspension from the university, pending a hearing against a student for violation of a rule or regulation of the university when the continuing presence of the student poses a danger to persons or property or an ongoing threat of disrupting the academic process. The Director of Campus Life must hold the initial investigation meeting within ten class days following the imposition of the interim disciplinary action.

### 8.11. Suspended, Dismissed and Expelled Student Restrictions

The faculty member shall also notify the student of his or her right to appeal the decision to the department dean and, if needed, to the Vice Rector for Academic Affairs. At each step in the process, the student shall be entitled to written notice of the offense and/or of the administrative decision, an opportunity to respond to the charges, and the right to an impartial disposition as to the merits of the case. After the completion of the academic process, the academic officer making the final disposition of the case may refer the matter to the Dean of Student Affairs for any additional disciplinary action that may be appropriate, as in the case of flagrant or repeated violations.

In the case of flagrant or repeated violations, the Dean of Student Affairs may take additional disciplinary action. The procedures for handling cases of academic dishonesty by the Dean of Student Affairs shall be the same as those established for handling other campus disciplinary cases. (See Section VIII. J. 3, Procedure for the Administration of Discipline, for details.)

## 9.4. Grievance and Appeal Procedures for Students

- It is the policy of PMU to receive, process, and resolve student grievances in a fair and prompt manner and to assure that students receive equity and justice in their association with the university
- This grievance policy and procedures are established for students for use in cases not otherwise covered by the policies of the university. Applicants for admission are also covered by these grievance procedures

- Grievances shall consist of matters of disagreement or dissatisfaction arising out of circumstances wherein the student believes that there has been an infraction, breach, or misinterpretation of a university policy, rule, or regulation. Only one subject matter may be covered in any one grievance
- Students should first attempt to resolve all disputes with the person who made the initial decision. All grievances not resolved at the appropriate lower level shall be presented in writing (Form available on website) within three class days to the Director of Campus Life and shall contain a clear and concise statement of the grievance by indicating the applicable policy, rule, or regulation that is alleged to have been violated, the date the incident took place, the person or persons involved, the issue involved, and the relief sought
- The Director of Campus Life will investigate the grievance and will notify both parties in writing of the decision within five days of the conclusion of the investigation
- Grievances not satisfactorily resolved with the Director of Campus Life may be appealed to the Dean of Student Affairs. Such appeals must be submitted in writing within ten class days of the decision rendered by the Director of Campus Life. The Dean of Student Affairs will review all of the evidence from the initial investigation and may conduct additional interviews as needed. A written decision will be made by the Dean of Student Affairs within five days following the final meeting with the parties involved and a copy of the decision will be sent to both parties and to the Director of Campus Life
- Grievances not satisfactorily resolved with the Dean of Student Affairs may be appealed to the Rector of the university. This appeal must be made within ten days following the decision by the Dean of Student Affairs. The Rector will review all of the information from previous investigations and may conduct additional interviews as needed. The decision by the Rector of the university is final and binding on all parties. A copy of the written decision will be provided to all parties involved
- Failure of a student to process his or her grievance to the next step within the specified time limit shall constitute an abandonment of the grievance
- Failure of university personnel to give an answer within the prescribed time limit authorizes the student to submit his or her grievance to the next step
- There can be an extension of the time limits in any step, if mutually agreeable
- No student shall be disciplined, penalized, or otherwise prejudiced for exercising the rights provided for in this grievance procedure

#### 9.5. Grade Grievance and Appeal Procedures for Students

- The assignment of a grade in a course is the responsibility of the faculty member and is based on the professional judgment of the faculty member. Except for issues of computation or discrimination, the faculty member's grade determination is final.
- Students having a grievance concerning a grade in a course should make every effort to resolve the issue with the faculty member who assigned the grade. Faculty members should attend to the concerns of the student and explain the basis for the grade assigned.
- Should a student be unable to resolve the grievance with the faculty member, the student may appeal to the dean of the appropriate academic college. If the faculty member in question is the dean of the college, the student should present the grievance to the Vice Rector for Academic Affairs. The student must present a written statement and provide compelling evidence (examinations, papers, etc.) that demonstrate why the grade should be changed. The written grievance must be submitted no later than (30) days from the conclusion of the semester in which the incident occurred.
