

# **Activities organized by Campus Life Department during the Fall Semester 2014**

## Orientation session:

The university welcomed new students for the Fall Semester 2014 in both female and male campuses.

Useful tips and recommendations were given by departments throughout campus both academic and administrative.

Deans, Directors, Faculty, Staff, and Student Leaders, introduced the new students to a variety of topics ranging from policies to campus activities.

Students were given a virtual tour through the campus website, as well as a campus tour highlighting key resources on campus.

On the male campus, Vice Rector for the Academic Affairs, Dr. Muhammed Saleh Al Mulhem welcomed the students and wished them success, while the Acting Director of Student Affairs, Mr. Iyad Bader encouraged them to be active out of classes and to participate in campus activities.

Deans of the colleges, Registrar department, Career service, Campus Life, IT department, Public Relations participated in this session. Media Club, Organization One, Blazing Rims, also contributed.

We welcome all the new students and hope you have an enjoyable and successful educational experience at PMU.

### **PMU Blazing Rims Car Club – Registration Event**

The PMU Blazing Rims Car Club hosted its new member recruitment and registration event at the Prep Building on Wednesday - September 10<sup>th</sup>, 2014. The car club informed students about the new activities they have planned for the academic year 2014-2015 and registered interested students on the spot.

A total of 62 students were registered for the events planned this year, such as participation in F1 activities in Bahrain, Auto cross event and the upcoming Auto Show 2015.

New members must now attend a mandatory club meet on Wednesday - 24<sup>th</sup> September at 4:30PM - sports center parking lot, where they will receive membership stickers and meet old members of the club to discuss what everyone in the group is passionate about – Cars !

Below are some pictures from the event.

## Student Affairs Recognition Ceremony

The Department of Student Affairs and the Staff of Campus Life provides students with opportunities to organize co-curricular and extra-curricular activities at PMU. Students, Staff, Faculty, and administrators collectively form groups, and through teamwork offer unique programs that compliment classroom learning. In 2013-2014, life on campus grew from strength to strength.

On Monday 22-September-2014, in presence of Guest of Honors PMU Rector, Dr. Issa Al Ansari, and Vice Rector, Dr. Muhammad Al Mulhem, Dr. Yousif Suleiman, Engr. Fouad Ahmad Al Saleh a special recognition ceremony was held in the auditorium to acknowledge and appreciate all those who promoted life on campus. Dr. Issa and Dr. Mulhem presented trophies to PMU Deans, Faculty, departments, student clubs, sports team and their members whose dedication met no boundaries in supporting overall activities on campus.

The Department of Campus Life would like to thank all faculty, staff and students who attended and made this a memorable event. We hope everyone takes this opportunity to take steps this year to make for an even more spectacular showcase of PMU's creativity and focus that will enhance everyone's experience at the university.

## Safety Club Opening Ceremony

**Prince Mohammad bin Fahd University, K.S.A.**\_ The opening ceremony for the Safety Club at PMU was held successfully at the Prep Atrium. The focus of the ceremony was to inform the students and faculty at PMU about the club's plan for the academic year 2014-2015.

The event was successful in conveying this message and students were encouraged to become a part of the Safety Club team. A video was broadcasted about faculty and students feedback and comments about Safety Club. At the end, snacks and cakes were served to all present.

The Safety Club has been an integral part in many events within campus in the past and has helped in maintaining safety standards for the duration of the respective events. The club has also spread awareness throughout the campus in all issues safety related.

## About the Safety Club

### Objective and Goals

- To organize safety training for students (fire extension, first aid, etc.)
- To develop a strong safety attitude and instinct among PMU global community
- To encourage a safety oriented attitude among the PMU community
- To make sure that safety measures are respected by clubs operating on campus
- To draw attention on safety concerns at PMU premises

## Organs Donation Event:

ONE Organization participated in the Organs Donation Event, which took place on November 28<sup>th</sup>, 2014 at AlKhubar Seafont.

The event was sponsored by Sheik AbdulAziz AlTurki and Ethar Association.

Participants from more than 30 societies, companies, education and Charity institutions & NGOs came together in one hand to make this event as marvelous & successful as it could be.

At the beginning, ONE organized the marching bands & groups; in addition, ONE controlled the crowd/audience & stage sections.

Below are some photos from the event (taken by Student Ahmad AlAmri, ONE Media member).

## ASME finals competition Montréal

The PMU ASME Club participated in the ASME 2014 international Mechanical engineering congress & exposition in Montreal, held on November 16-17, 2014. Many thanks are especially due to our Rector, Dr. Issa Al Ansari.

The team members ( Abdulaziz Aljohar, Farooq Aljaafari, Saleh Alkulaib, Omar Alhamid, and fresh graduate Sultan Khayat) Competed in a student design contest among many reputable universities from around the globe. The design and scientific calculations were praised by the committee and the team finished in the top 10 teams in the contest. Despite the fact that the team couldn't make it to the top 3 "due to lack of resources when compared to other big universities", the experience was truly fruitful and the students learned a lot from being around world renowned mechanical engineers. This amazing experience included attending lectures for Brian Nolan, the chief engineer in Engine Development Program at Rolls Royce and the story of his 10-year solution to one of the dilemmas he faced and how he and his team solved it. Also, Dennis O'Donoghue, the vice president of Boeing Test & Evaluation gave a memorable presentation about the new technologies and the future of flight. Many beneficial seminars concerning important topics in mechanical engineering including fluid dynamics and heat transfer were held throughout the week.

All students were present at those sessions gaining international experience and meeting new people from around the world. The students were able to gain personal experience and growth in their self-development by interacting with and competing with students of various competence levels.

PMU ASME club Advisor Dr. Nader Nader accompanied the students and was there all along to help them prepare for the competition and get more involved.

In closing, the students competed in the contest and earned respect from international students for their engineering skills, they were great ambassadors for PMU, placed well in the contest and earned international recognition.

We would like to thank Dr. Nader Nader for his dedication and devotion, and to the Division of Student Affairs for support. This event should serve PMU well by encouraging and

motivating the engineering students into club participation and developing their engineering skills.

## **Equestrian At PMU, SUSF Equestrian National Competition 2014-2015**

In our first appearance in Equestrian Competition PMU Student Mr. Sultan Al Zaman place 9<sup>th</sup> out of 24 Universities that competed in the competition. Equestrian is a competition where a rider takes his horse through a series of obstacles on a course. The rider is judged on his ability to complete the course in "style". This event was held at Abdulaziz university in Jeddah city and was hosted by the Saudi University Sports Federation. We are proud of Mr. Sultan and his performance .If you have a horse and would like to compete in the future please contact Coach Khaled Kulaib at PMU Sport Center or Campus Life G061.

The following pictures were taken at the event.

Congratulations to PMU student Mohammed Khalid Alabdulkarim for winning first place in the Royal Bahraini Jump Competition 2015

الحمد لله تم تتويج محمد بن خالد العبدالكريم المركز الاول في بطولة الاتحاد الملكي البحريني لقفز الحواجز لعام 2015

## SABIC activities

Under the Division of Student Affairs, The Campus Life department organized a camping and sports activities for the outgoing students of SABIC. The event was held on 18<sup>th</sup> of November 2014 starting at 8pm and carried over to 19<sup>th</sup> November at 4am. A variety of sports activities was held: a six team football tournament, a beach volleyball game, a table tennis tournament, a swimming competition, 400m running race, an arm wrestling tournament, as well as a variety of arcade sports games. In addition of the sport activities, SABIC students reported that they enjoyed the delicious BBQ dinner in open air. The final match of the football league and award ceremony of winners was held at 2am in the morning.

Everyone who attended found it to be an exciting event.

The following pictures were taken during this event:

## **Charity Run on Saturday, 8 November, 2014**

PMU had over 30 participants, including 7 from the Faculty and staff at the Annual Charity Run that took place at the Dammam Corniche last Saturday, 8 November.

The running course was 5 km long and followed the corniche, starting from the east opposite the port and finishing by the main Dammam Bay.

Nasser Ali Sharahily from the Welfare Program came 3<sup>rd</sup> in the Special Needs section.

Ahmed Al-Rashidi led the way for PMU by placing first among PMU students. His time of 21 minutes, 25seconds was good enough to place in the top 50.

Last year's PMU leader Nasser Mohammad Al Doais followed with posting a time of 21 minutes, 48 seconds.

Placing third among PMU participants was Saad Al- Fairouz with a 24 minute finish.

All PMU's runners completed the course, with most doing so in under 30 minutes.

Everyone received a medal and a T-shirt.

It was a highly successful and enjoyable event and we hope even more PMU students and faculty members will be inspired to take part next year.

In coming weeks, a ceremony will be conducted to present prizes and awards to the participants.

### **Student Council Elections: Campaign, Speech, Voting:**

### ***Results:***

The 2014-2015 Male Student Council Presidential Election Winner was: Yasser Al Osaimi,

Congratulation to all the Candidates, You all made PMU Proud!

## Office Safety Drive (Safety Club):

December 11, 2014

**Prince Mohammad bin Fahd University, K.S.A.** The Office Safety Drive for the Safety Club at PMU was completed successfully on the 11<sup>th</sup> of December, 2014 on campus. The aim of the event was to minimize risks from loose cables in the staff offices and keep the emergency exits obstacle free.

The goals were successfully met by the Safety Club Team, with the team covering over 70 offices and ensuring that the cables were properly organized and that no obstacles were barring the exit doors. The team was also able to promote a Safety Conscious mind-set throughout the campus during this event.

The Safety Club has been an integral part in many events within campus in the past and has helped in maintaining safety standards for the duration of the respective events. The club has also spread awareness throughout the campus in all issues safety related.

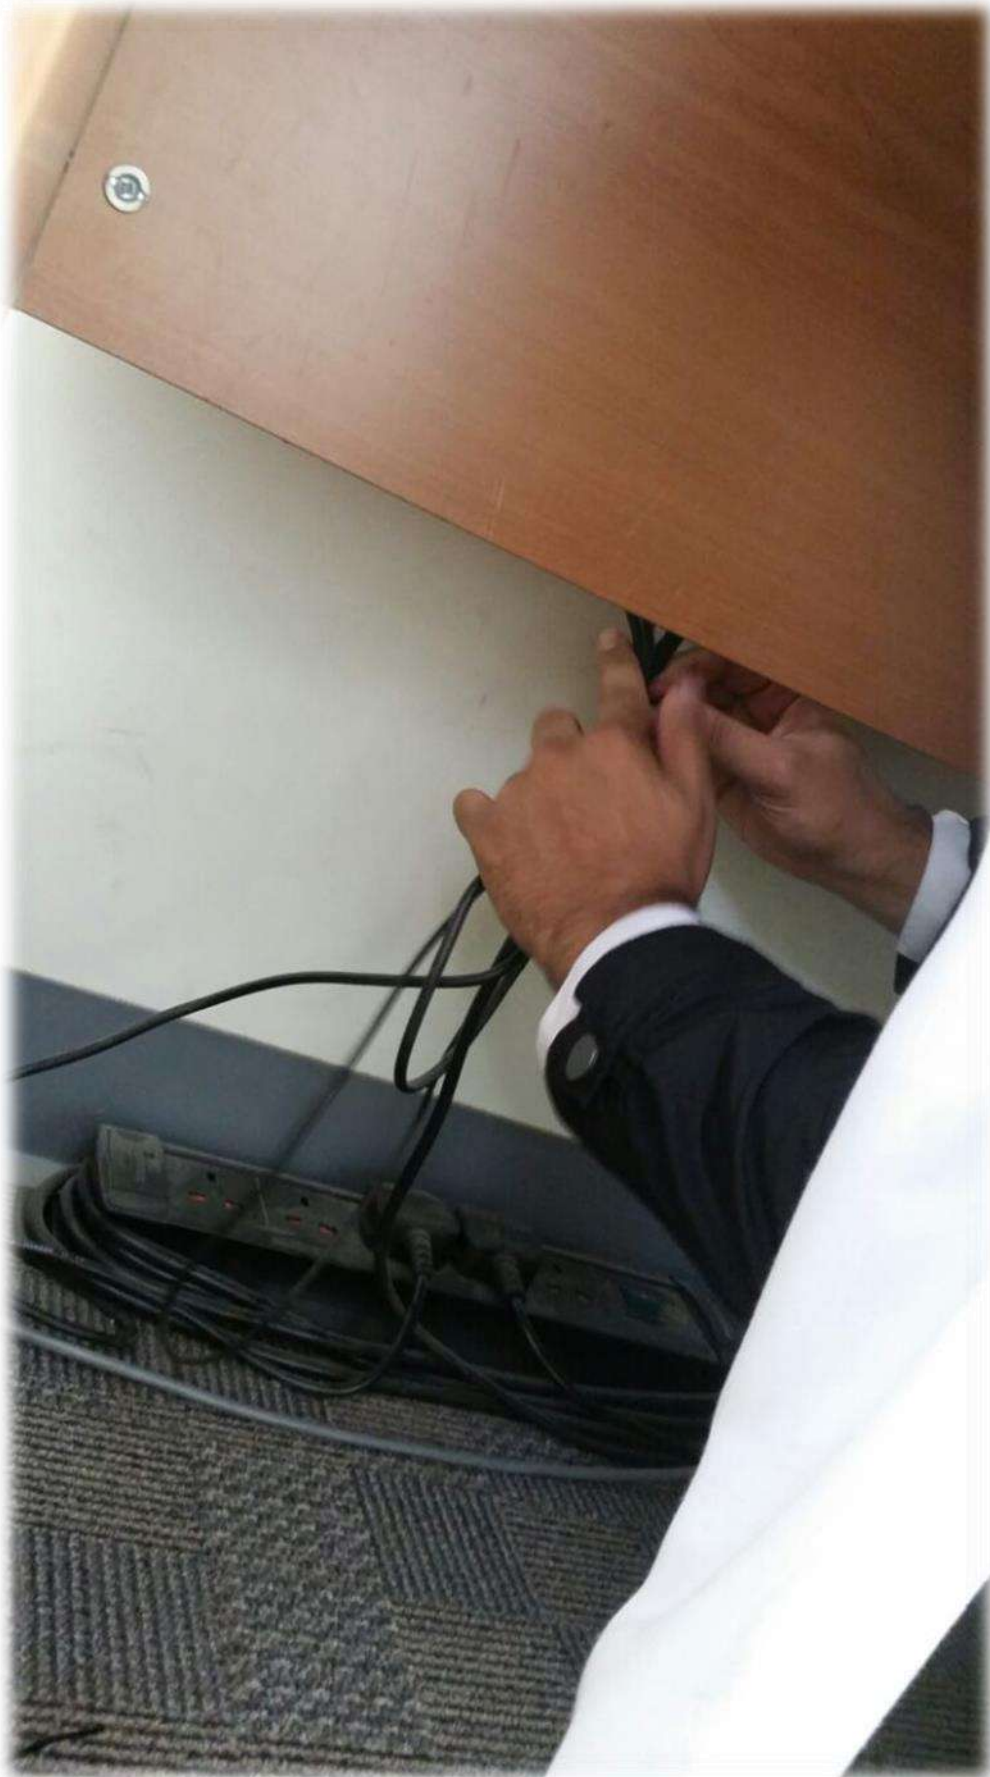

### Objectives of the Safety Club:

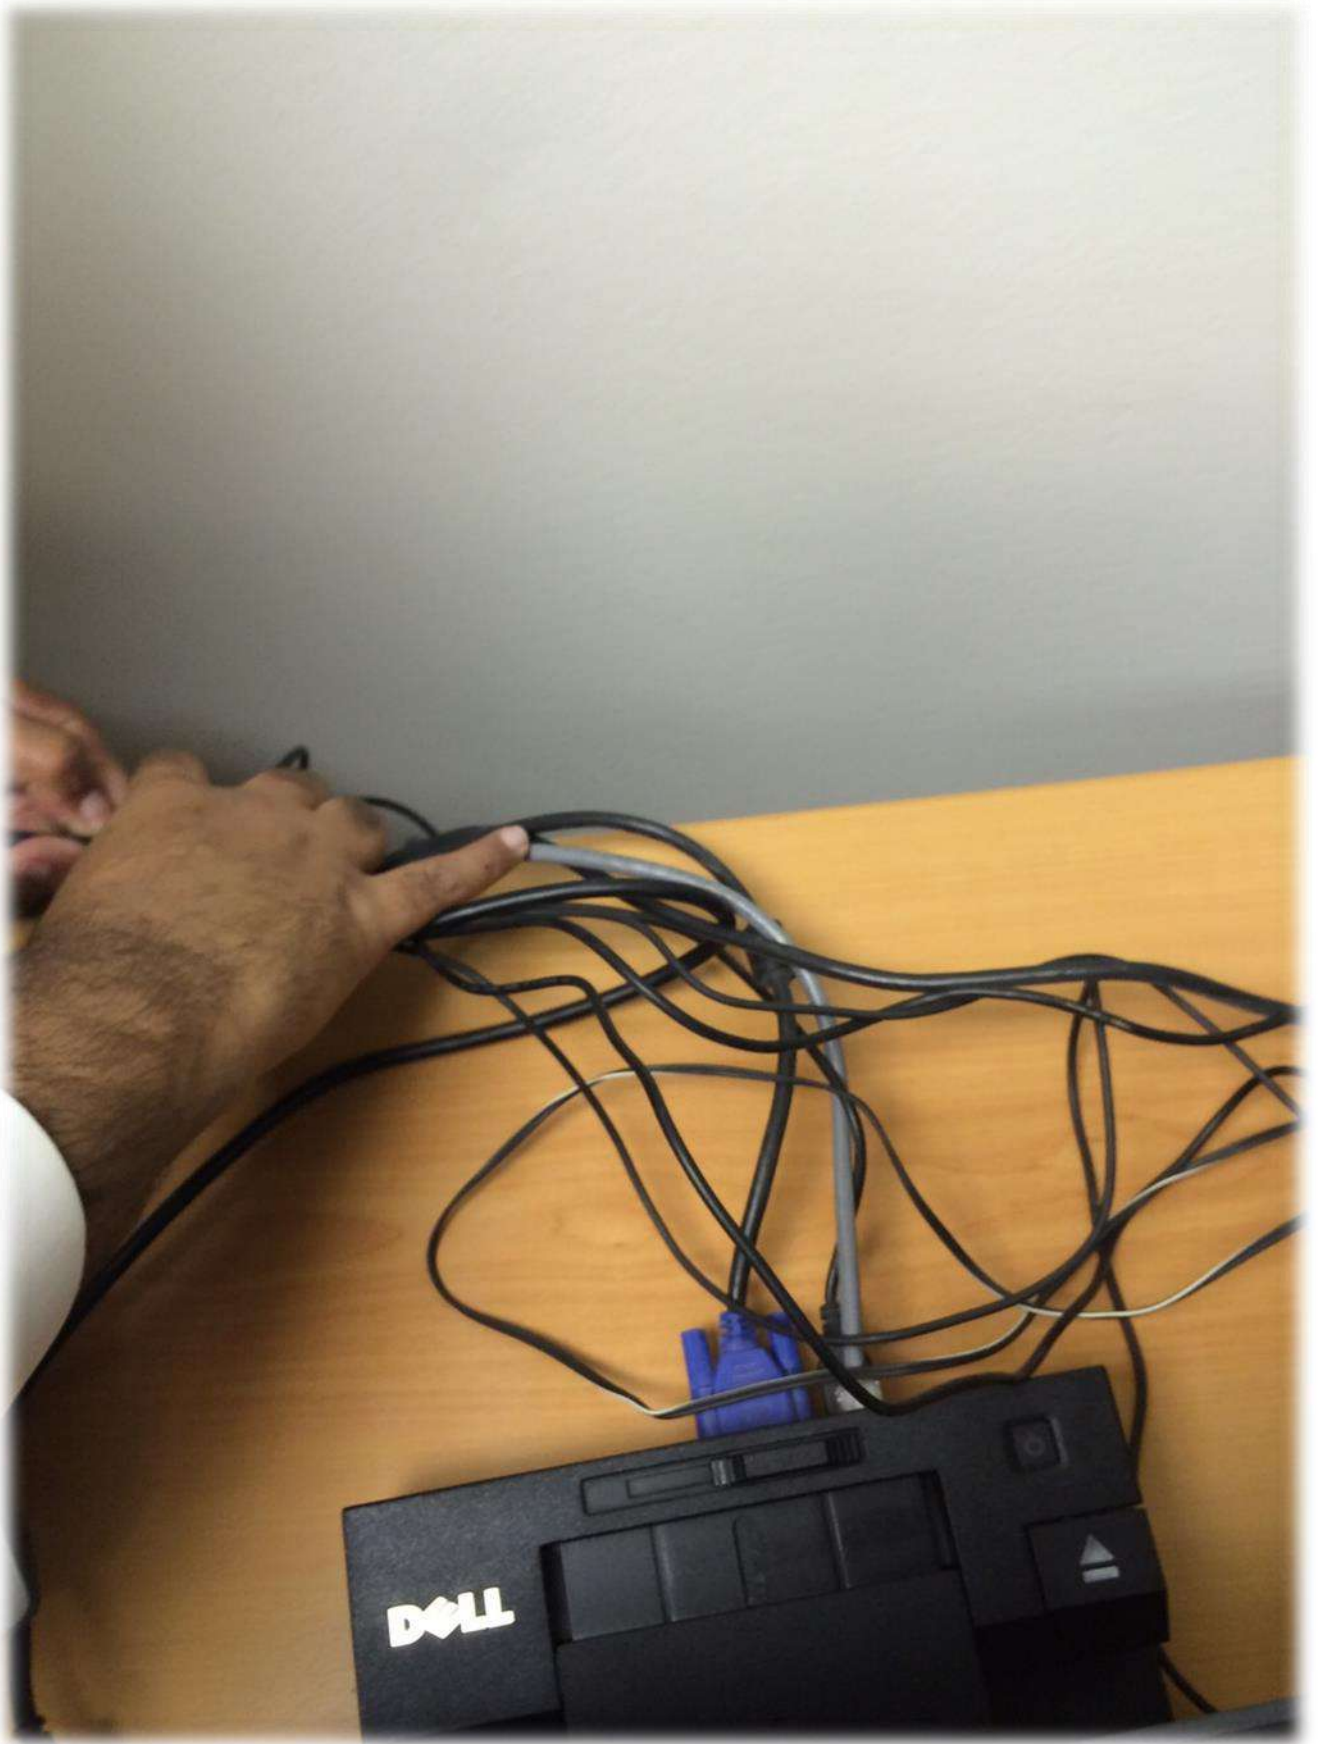

- To develop a strong safety attitude and instinct among PMU global community
- To encourage a safety oriented attitude among the PMU community
- To make sure that safety measures are respected by clubs operating on campus
- To draw attention on safety concerns at PMU premises

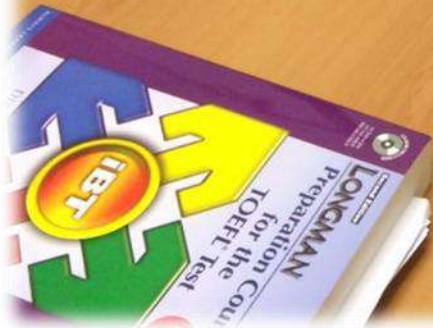

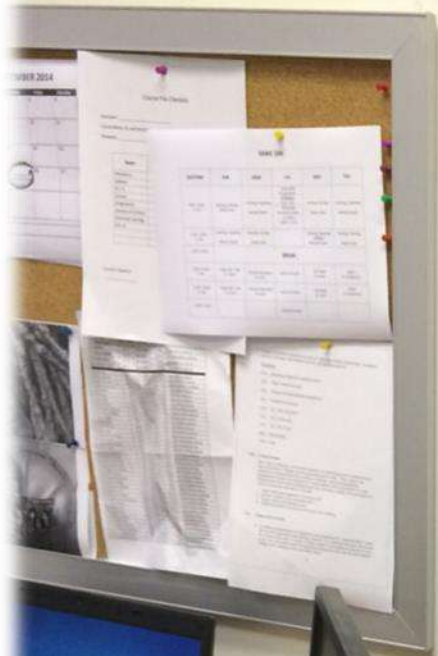

### Future activities:

- To organize safety training for students (fire extension, first aid, etc.)

## ASME-PMU Chapter participation in the Energy Fair organized by ARAMCO

## Law Club Opening Ceremony

### Mechanical Engineering Project Day

In conjunction with Campus Life Department, the Mechanical Engineering Department held its first senior design projects seminar and exhibit on January 1 and 7, 2015.

**Third Annual EE Projects Open Day Event:**

## ***ASME Technical Dinner Meeting on January 26, 2015, at ALMOYBED CARLTON Hotel***

The Presentation was sponsored by ALFA LAVAL Company: Mr. Joris Peeters introduced the company and discussed the issue of Compabloc heat exchangers as Amine Reboilers in AGRU processes.

Dr. Ali Chamkha, Chair of the Department of Mechanical Engineering and ASME Advisor Dr. Nader Nader, participated with students; Dr. Chamkha addressed the issues of Nano Fluids for the heat exchangers.

Introductory speech on the ASME international and the future of the space exploration was also presented by Saudi Aramco.

During this meeting, PMU Students met with several delegates representing industrial and academic institutions.
